

Employment Opportunity

Class B First Aid Attendant

Rose Valley Wind Project

As a **person with a licence to practice** (EMR (Emergency Medical Responder), PCP (Primary Care Paramedic), or ACP (Advanced Care Paramedic), you are the first line of response in medical emergencies, delivering timely and effective care while ensuring patient safety and comfort. With a strong focus on professionalism, infection control, and continuous learning, you play a vital role in supporting health and safety in dynamic work environments. Your quick thinking and care make a real difference-providing lifesaving first aid and ensuring readiness for any emergency:

- Deliver effective emergency response.
- Provide professional care in every patient interaction.
- Keep medical equipment and transport vehicles ready 24/7 for immediate deployment.
- Participate in medical retrieval services and perform patient triage when required.
- Operate confidently within your licensed scope of practice.
- Answer incoming calls promptly and manage operational duties.
- Monitor equipment health, maintain inventories, and ensure all stock and PPE are available and in-date.
- Uphold strict infection control practices to protect patients and colleagues.
- Maintain accurate, timely patient records and prepare reports as needed.
- Engage in scheduled meetings, committees, and working groups to drive continuous improvement.
- Take on additional duties as assigned, contributing to a culture of safety and readiness.

The talent we're looking for (minimum requirements):

- Licenced by the province of Saskatchewan through the Saskatchewan College of Paramedics Board.
- Valid driver license with reliable personal transportation to and from job site.
- Ability to work in teams and communicate both verbally and written.
- Flexible availability and willingness to work varied hours when required.
- Autonomy, discretion and high administrative rigor.

It is a core value of Skyflo Renewables Ltd that we provide quality workmanship and we recognize that it is our employees that make this possible.

To further inquire or apply, please reach out with a little information about yourself and a resume to hr@skyflo.ca
